CLERK: That's correct.

SENATOR KRISTENSEN: Okay. I would urge the adoption of my amendment with the attitude that I believe there are other amendments that will come in and amend my floor amendment. With that, again, I would hope that we could adopt this. It adds a little more meat to the bones of the Final Reading rule.

SENATOR CROSBY: Thank you, Senator Kristensen. You've heard the closing on Senator Kristensen's amendment. The question is the adoption of the Kristensen amendment to amendment number 7. All in favor vote aye, opposed no. We're voting on the Kristensen amendment. Have you all voted? We're voting on the Kristensen amendment. Have you all voted? Record, please.

CLERK: 25 ayes, 0 nays on adoption of Senator Kristensen's amendment.

SENATOR CROSBY: The Kristensen amendment is adopted.

CLERK: Senator Chambers would move to amend. (Chambers amendment, proposal number 7, can be found on page 251 of the Legislative Journal.)

SENATOR CROSBY: Senator Chambers.

SENATOR CHAMBERS: Madam President, members of the Legislature, I have a few copies of this amendment, if anybody would like to have one. But for those who have before you the part of Senator Kristensen's amendment which was just adopted, I can tell you what changes I'm going to make and you could add them to your copy of the amendment. Senator Kristensen has seen these and he agrees. So the first one would be in line 3. At the end of line 3 is the word "designate", after that word we would insert the words "on the published agenda". The purpose of that is to carry out what Senator Kristensen emphasized, that there should be prior written notice to the body of which bills the Speaker proposes to put to a vote to determine whether or not these bills will not be read. All the bills will automatically be read, unless there is a three-fifths vote saying no. So that would be the first part of the amendment. In line 5, after the word "taken" we would add the words "on each bill individually".
